

All-Weather ClayMax

ClayMax – El Camino Blend

All-Weather ClayMax: Combining the superior lightweight features and benefits only US Tile can offer, with modern low profile double-barrel tile aesthetics, ClayMax is ideal for reroofing. It is also well suited for use on commercial, home owners associations and institutional projects where weight, durability, and cost are key considerations.

- Lightweight - For reroof applications
- Class A Fire Rated – Will not burn
- Will Not Fade – 20 year fade warranty
- Sustainable – The only Cradle to Cradle certified tile
- Recyclable – 100% recyclable / 59% recycled content
- Cool Roof – Energy Star and CRRC rated
- Long Life – Cover by industry leading warranty*
