# One-Piece S Tile

[www.boralna.com](http://www.boralna.com)

The modern design of our One-Piece S Mission Tile combines the cap and pan of a two-piece system into a single piece, delivering the same traditional aesthetics using fewer tiles, saving cost and installation time. Made from the same natural clays and kiln-fired colors, our Mission S Tile products are true to their roots, allowing custom roofscape options such as boosting, while maintaining the rich beauty and durability of clay at a substantially lower price.
