A Boral Roofing Company

ProShake®

[www.boralna.com](http://www.boralna.com)

ProShake® combines the esthetics of a traditional wood shake roof with the superior performance, durability, color-fastness, Class "A" fire rating, and life of natural clay. Weighing less than 600 pounds per square, ProShake® was specifically designed for the wood shake replacement market and is the only true lightweight clay shake on the market today.

ProShake® is clearly the choice for maintaining the esthetics of a wood shake roof while delivering the features and benefits only true clay products can offer.
